

THE EDH GLOBAL, LLC

CAPABILITY STATEMENT • MAKING YOUR BUSINESS A SUCCESS

COMPANY OVERVIEW

EDH Global LLC is a small business provider of enterprise IT solutions and services focused on supporting federal and military clients. We deliver secure, scalable hardware, software, and cloud solutions aligned with Department of Defense (DoD) and federal mission requirements. Our expertise includes IT infrastructure, cybersecurity, and systems integration designed to support operational environments, improve mission performance, and ensure compliance. As a CMMC Level 1 compliant organization, EDH Global maintains secure handling of Federal Contract Information (FCI) and supports customers with compliant, efficient, and mission-ready solutions.

RELEVANT EXPERIENCE

EDH Global LLC leverages leadership experience, industry partnerships, and technical expertise to support IT solution delivery for public and private sector needs. Our team works with leading technology providers including Dell, Cisco, Microsoft, and HP to deliver enterprise-grade hardware, software, and cloud solutions. We are actively engaged in building federal and military partnerships and supporting IT procurement, infrastructure, and cybersecurity initiatives aligned with mission requirements.

CORE COMPETENCIES

- **Enterprise IT Solutions:** Infrastructure hardware, software procurement, and lifecycle technical support.
- **IT Professional Services:** End-to-end modern technology implementation and enterprise systems integration.
- **Managed Cloud & Security:** Secure cloud migration architecture, proactive threat mitigation, and structural data protection.
- **Workforce & Management:** Technical resource staffing, executive search solutions, and business process consulting.
